Dr. Harmon C. McAllister
Research Director
The Council for Tobacco
Research-U.S.A., Inc.
900 Third Avenue
New York, NY 10022

Dear Dr. McAllister:

The 1988 Deuel Conference on Lipids has been tentatively set for Wednesday, March 9, to Saturday, March 12, 1988, at the Claremont Resort in Oakland, California.

The program is being organized by Dr. Christopher Fielding of the University of California. He has tentatively planned the following sessions:

- Adipocyte differentiation and dedifferentiation
- Regulation of adipose tissue hormone sensitive and lipoprotein lipases
- Regulation of the synthesis of apo B and apo B-containing lipoproteins
- Apolipoprotein E in the interconversion of VLDL species
- Inhibitors of HMG CoA reductase and the modification of LDL metabolism
- Lp_a: Structure, biochemistry, and significance in vascular disease

As usual, speakers will be scheduled from the groups performing state-of-the-art research in these areas.

A copy of brief background information on the Deuel Conference is enclosed for your information and also a copy of last year's program.

Because of past support of Deuel Conferences by the Council for Tobacco Research, we are informing you of the forthcoming program for the 1988 Conference, and are again soliciting your financial support. Because of the limitations on the conference size, it is again necessary to restrict supporting organizations to two representatives at the round table at a minimum donation of $1500/ attendee. The Deuel Conference maintains an informal atmosphere, encourages free and open discussion by all attendees,

Source: https://www.industrydocuments.ucsf.edu/docs/hlvb0000

and is a forum for presentation of new and unpublished data in rapidly developing new fields of research.

We would be grateful for your early decision concerning support of the 1988 Conference. If you are able to support the Conference, please make the check payable to "The 1988 Deuel Conference on Lipids" and forward it to me at the University of Washington. We should also receive the name(s) of your attendee(s) as soon as possible so that program and registration materials may be forwarded to the appropriate person.

With best regards.

Sincerely,

Edwin L. Bierman, Co-Chairman
Funding Committee
